Receipt Reconciliation Report

Sales Kickoff 2026

Acme Corp
Arrival Coordination
Gaylord Rockies Resort & Convention Center
Aug 28, 2026, Aug 29, 2026

Executive Summary

Riders coordinated	94
Flights tracked	65
Shared ride groups	26

Without SeatMax: Individual Rides **\$2,256.00**

If each of your 94 Riders took a solo Uber from the airport to Gaylord Rockies Resort & Convention Center, this is what it would cost based on Uber API pricing.

With SeatMax: Shared Rides **\$904.65**

How this number is calculated:

Verified (20 rides) — actual fares from Ride Captain receipts	\$732.65
Estimated (6 rides) — Uber API pricing (receipt not received)	\$172.00

Verified costs come from actual Uber/Lyft receipt emails forwarded by Ride Captains after the ride. Estimated costs use Uber API pricing, which is typically 10-30% lower than actual fares — meaning real savings for estimated rides are likely higher than shown.

Total Savings **\$1,351.35**

\$2,256.00 (solo rides) - \$904.65 (shared rides) = \$1,351.35 saved

SeatMax coordination fee (22% of savings)	\$331.32
Receipt reconciliation (94 riders x \$1.00)	\$94.00

Total SeatMax charges **\$425.32**

Net Savings to Your Organization **\$926.03**

Receipt coverage: 20 of 26 Ride Captains submitted receipts (77% received). Rides without receipts use Uber API estimates, which are conservative — actual savings are likely higher.
